| INT / G                        | 2 #31      |            | NO   | INT / G                        | 1 #23     |             | Even |

Longer bar, better rank. Ranks are out of 32. The edge goes to whichever side ranks at least 6 spots better; INT compares interceptions thrown by the offense with interceptions made by the defense. EPA / play (expected points added) and Success % use every pass and run play from nflverse play-by-play; for a defense, lower is better.
