Every number is this game's projection from the value model, not a season average. Team volume comes from each side's pace, the projected score and the opponent; player lines are the team's volume times the player's share and efficiency, adjusted for this defense. Dial ranks are out of the 30 teams playing this week. Quarterback lines assume he starts. Injury tags are from the official report.

For research and entertainment. Past results do not predict future results, and nothing here is betting advice.
